

Fayetteville Monthly Meeting Newsletter

February, 2007

God is not done showing us all that we need to know about the nature of God and the nature of Love. Somehow, the concept of continuing revelation releases me from working so hard to "figure it all out," especially when decisions have to be made around a complex or delicate matter. The longer I can live into the Unknown and hang out in limbo-land--as uncomfortable as that is--the more likely it is that I will understand how the pieces fit together and what I'm supposed to do next. Somehow, continuing revelation and the search as a community for Way to open has been creating a fondness in my heart for the corporate nature of who we are as Friends. – Liz Oppenheimer, <http://thegoodraisedup.blogspot.com/>
