

Finance Committee Report 2022 SCYM Representative Meeting

On October 11, the Finance Committee received a request from The Clerk of the YM Planning Committee, Denise Wilkinson.

The SCYM planning committee requests that YM allocate up to \$2000 to cover honoraria and travel expenses for speakers for the YM adult program. We ask that YM consider incorporating this amount into the YM registration fee.

Denise added that our committee needs to make a recommendation to RM to approve the request.

The Finance committee met by email over the next several days.

The Finance Committee approves The Planning Committee's request to allocate up to \$2000 for the 2023 YM adult program and for YM to consider incorporating this amount into the YM registration fee.

We also ask that YM consider making note that costs like this have become more reasonable in recent years with rising costs of both speakers and their costs to travel to our YM.
